USER MANUAL AND INSTALLATION GUIDE

Assistant Montessori Pedagogical Application (based on the principles of the Montessori educational model)

Version 2.4 (Official Edition) | September 2026 | Created by STEC Studio and integrated with Google Gemini AI Studio

Introduction

This manual provides comprehensive operational and installation instructions for the Assistant Montessori application. Tailored for Montessori assistants, guides, and trainees, it integrates the 20-Hour Observation Protocol (based on the principles of the Montessori educational model), the 5-Element Lesson Planning model, the Peace Table, doctrinal dictionary, and Google Gemini AI pedagogical coaching.

1. COMPREHENSIVE INSTALLATION & DEVICE ACCESS GUIDE

The application operates as an advanced Progressive Web App (PWA), providing native-like performance across Android, iOS, Windows, and macOS devices without requiring app store downloads.

A. Activating the Public Shared Link in Google AI Studio

- In the Google AI Studio interface, locate the "Share" or "Publish" button at the top-right header.
- Select your desired access permission (e.g., "Anyone with the link").
- Once confirmed, the public https://ais-pre-... URL becomes permanently live and will not produce a 404 error.
- Bookmark the link or share it with fellow teachers and administrators.

B. Installing on Android Devices (Google Chrome)

- Open Google Chrome on your Android smartphone or tablet.
- Navigate to your shared application URL.
- Tap the three-dot menu icon in the upper-right corner.
- Select "Add to Home screen" or "Install app".
- Confirm installation; the custom school icon will appear on your app grid.
- The app will launch in standalone full-screen mode.

C. Installing on iPhone & iPad (Apple Safari)

- Open Safari on your iOS device and access the app link.
- Tap the Share button at the bottom navigation bar (square with an upward arrow).
- Scroll down and tap "Add to Home Screen".
- Tap "Add" in the upper right.
- Enjoy instant offline-ready access from your iOS home screen.

D. Installing on Desktop Computers (Chrome / Edge)

- Open the URL in Google Chrome or Microsoft Edge on your computer.
- Click the install icon located on the right side of the browser address bar.
- Click "Install Assistant Montessori".
- The app runs in its own window with dedicated desktop and start menu shortcuts.

E. Data Storage & Privacy (LocalStorage)

- All observations, lessons, and routines are securely saved in your browser's LocalStorage.

- No private student information is transmitted to unauthorized third-party databases.
- Use the JSON Export feature in the Report Center for scheduled offline backups.

2. CLASSROOM DASHBOARD (HUB) & DAILY ROUTINES

The Hub is your daily mission control, offering live observation progress metrics, environment preparation checklists, and rapid note taking.

Key Highlights:

- 20-Hour Progress Tracker: Visual indicator of completed observation hours (based on the principles of the Montessori educational model).
- Prepared Environment Routines: Interactive daily checklist (shelf readiness, botany care, Peace Table).
- Quick Notes: Rapid clinical documentation of student concentration and milestones.
- Direct access to PDF reports and user guide downloads.

3. 20-HOUR PRACTICAL OBSERVATION PROTOCOL (BASED ON THE PRINCIPLES OF THE MON

Scientific, objective, non-judgmental observation is the core foundation of Montessori education.

The 4 Structured Phases:

- Phase 1 (Hours 1-5): The Prepared Environment & Material Arrangement.
- Phase 2 (Hours 6-10): Social Interactions & The Peace Table.
- Phase 3 (Hours 11-15): The 3-Hour Work Cycle & Deep Concentration.
- Phase 4 (Hours 16-20): Transitions & End-of-Day Closure.

Integrated Tools:

- Built-in Session Timer with exact duration recording.
- Gemini AI Pedagogical Feedback: Validates factual neutrality, based on the principles of the Montessori educational model.
- Preloaded English guided observation examples.

4. 5-ELEMENT LESSON PLANNER

Designs comprehensive Montessori presentations following the structured 5-element framework.

The 5 Core Elements:

- 1. Montessori Album Reference (volume and page number).
- 2. Direct Aim & Indirect Aims (isolating the difficulty and long-term cognitive synthesis).
- 3. Higher Order Thinking Skills (HOTS) questions based on Bloom's revised taxonomy.
- 4. Follow-up Works (repetitive practice and creative research extension).
- 5. Point of Interest & Required Materials (built-in mechanical or sensory control of error).

Gemini AI Smart Generator:

- Generates a complete, structured Montessori lesson plan in seconds.

5. PEACE TABLE & RESTORATIVE BEHAVIOR PROTOCOL

The Peace Table is the designated classroom space for autonomous conflict resolution and restorative communication.

The 4-Step Peace Resolution Protocol:

- Step 1: Hold the Peace Rose (speaker holds the rose; peer listens silently).
- Step 2: Express Feelings using "I felt... when you...".
- Step 3: Active Listening and empathetic mirroring.
- Step 4: Mutual Agreement & Restoration (peaceful handshake or return to work).

6. MONTESSORI DOCTRINAL DICTIONARY

Authoritative glossary covering key concepts: Absorbent Mind, Sensitive Periods, Normalization, Freedom within Limits, Grace and Courtesy, Control of Error.

7. GEMINI AI PEDAGOGICAL CONSULTANT

AI advisory agent specialized in guiding classroom dynamics, based on the principles of the Montessori educational model.

8. OFFICIAL REPORT CENTER & PDF EXPORTS

Generates publication-quality A4 reports with L'École des Préalpes institution branding, ready for print or PDF archiving.
